Bean after which the remains will be interred in the family burying grounds. Mr. Shultz was 62 years old and had raised a large family, of whom seven children—all grown—and his wife survive him. Mr. Shultz was one of Ohio county's most respected and substantial citizens. A good man has gone to his reward and his demise will be regretted by many.

Ohio county lost two of her foremost and influential citizens Saturday in the death of Hon. R. P. Hooker and Mr. E. T. Miller. The former had been sick for quite awhile, of typhoid fever, while the latter had been seriously ill for about three weeks, of lung trouble. Mr. Hooker had long been one of Ohio county's most useful and respected citizens, while Mr. Miller was just entering upon a career which promised much of honor and success. They were both men of the highest type of manhood and integrity and enjoyed wide popularity. Beaver Dam will miss Mr. Hooker and Hartford will miss Ed Miller, while the whole county, including a host of friends, will miss them both. They were of a kind of men that make up a first-class citizenship. They rest from their labors, but verily their works do follow them.

You Can't Dodge Them

Did you ever try to dodge the rain-drops? Did not succeed very well, did you? It's just as useless to try to escape from the germs of consumption. You can't do it. They are about us on every hand and we are constantly taking them into our lungs.

Then why don't we all have this disease? Simply because these germs cannot gain a foothold in a strong throat and lungs. It's when these are weak that the germs master.

The body must be well supplied with fat. The danger comes when the blood is poor and the body is thin. If your cough does not yield, and your throat and lungs feel raw, and sore, you should not delay another day. Take

Scott's Emulsion

of Cod-Liver Oil with Hypophosphites at once. It will heal the inflamed membranes and greatly strengthen them as well. The digestion becomes stronger, the appetite better and the weight increases. The whole body becomes well fortified and the germs of consumption cannot gain a foothold.

It's this nourishing, sustaining and strengthening power of SCOTT'S EMULSION that has made it of such value in all wasting and exhausting diseases.
